AGENDA

COMMITTEE ON COMMUNITY IMPROVEMENT

May 3, 2010 Aldermen O'Neil, Ludwig, Shea, Craig, Greazzo 6:00 PM Aldermanic Chambers City Hall (3rd Floor)

- 1. Chairman O'Neil calls the meeting to order.
- 2. The Clerk calls the roll.
- 3. Communication from New Hampshire Health and Human Services related to the Office of Youth Services grant proposal to provide substance abuse prevention services.

Ladies and Gentlemen, what is your pleasure?

4. Communication from the Highway Department requesting approval to accept \$3,000 from Saint Mary's Bank to cover the cost of installing 143 linear feet of granite curb on Mammoth Road along the frontage of a subdivided lot.

Ladies and Gentlemen, what is your pleasure?

- 5. Communication from Mayor Gatsas requesting approval to accept \$8,966,000 in Recovery Zone Facility Bond Allocations for the City of Manchester under the American Recovery & Reinvestment Act.
 - Ladies and Gentlemen, what is your pleasure?
- 6. Communication from Parks, Recreation & Cemetery Division requesting approval to accept funds in the amount of \$9,600 from the Ann De Nicola Trust for the restoration of the General John Stark Equestrian Statue.

 Ladies and Gentlemen, what is your pleasure?

7. Communication from the Planning and Community Development Department requesting an infusion of \$150,000 of Affordable Housing Trust Funds into the 2010 Housing Initiatives Program for CIP #610410 – Housing Initiatives.

Ladies and Gentlemen, what is your pleasure?

8. Communication from the Planning and Community Development Department requesting approval of an amended budget authorization on behalf of the Police Department to receive additional grant funds totaling \$2,250 from the NH Department of Safety related to sobriety checkpoints for CIP #410910 - NH DWI Patrol Program.

Ladies and Gentlemen, what is your pleasure?

9. Amending Resolution and Budget Authorization providing for the acceptance of \$400,000 from the United States EPA relating to the clean up and revitalization of designated Brownfields sites under CIP #612510 EPA Brownfields Assessment Grant.

Ladies and Gentlemen, what is your pleasure?

- 10. Amending Resolution and Budget Authorization providing for the acceptance of funds totaling \$96,826 from the NH Department of Justice related to domestic violence programming for CIP #412910 VAWA.

 Ladies and Gentlemen, what is your pleasure?
- 11. Amending Resolution and Budget Authorization providing for the acceptance and transference of funds in the amount of \$513,436 in Federal grant and local match related to the Self-Contained Breathing Apparatus and associated mask retrofit for CIP #412010 SCBA Replacement.

 Ladies and Gentlemen, what is your pleasure?
- 12. Amending Resolution and Budget Authorization providing for the acceptance of funds in the amount of \$479,000 from the NH Department of Health and Human Resources for CIP project #210411 Public Health Preparedness.

Ladies and Gentlemen, what is your pleasure?

13. Communication from Kevin Sheppard, Public Works Director, requesting authorization to use FY10 MER bonds and cash accounts to purchase vehicles for departments not currently recognized in the MER Bond program.

Ladies and Gentlemen, what is your pleasure?

- 14. Discussion relative to the Neighborhood Stabilization Program. Ladies and Gentlemen, what is your pleasure?
- 15. Discussion relative to the First Time Homebuyers Review. Ladies and Gentlemen, what is your pleasure?

TABLED ITEM

A motion is in order to remove this item from the table.

- 16. Discussion relative to CIP bond projects.

 (Note: Report attached from William Sanders, Finance. Communication from Leon LaFreniere, Planning & Community Development, identifying the source of funding for Hackett Hill Development Project CIP # 650300. Report of the Committee on Joint School Buildings attached as per the Committee on 3/31/09. Communication from Pam Goucher, Planning & Community Development, with updated project balances on 4/10/09 and also identifying CIP Project #510807as available for transfer to contingency. Item tabled 2/17/09. Finance Officer to provide an update.)
- 17. If there is no further business, a motion is in order to adjourn.

Mr. Marty Boldin 1045 Elm Street Suite 204 Manchester, NH 03101

Dear Mr. Boldin:

The Bureau of Drug and Alcohol Services (BDAS) has selected your proposal to provide substance abuse prevention services. The two-year contract will be contingent on the availability of funds and approval by the Governor and Executive Council. The total amount of your award for SFY 2011 and 2012 will be \$90,000. The first six months of your contract will be directly managed by BDAS, afterwhich the contract for these services will be integrated into the regional network contract, which will subcontract with your agency for these services for the remaining eighteen months of the contract period. Contract documents will be forwarded in the near future.

BDAS also requires an electronic copy of your revised budget forms. Please forward these to Sinda Ullstrup at sullstrup@dhhs.state.nh.us for processing and approval.

RE: Mammoth Road, Sunmeadow Realty, LLC

Dear Committee Members:

The Manchester Highway Department hereby requests the CIP Committee's approval to accept \$3,000 of funds from Saint Mary's Bank, to cover the cost of installing granite curb that was required as part of a subdivision. In 2003, Sunmeadow Realty, LLC posted a letter of credit with Saint Mary's Bank to insure that 143 linear feet of granite curb would be installed along the frontage a subdivided lot 17-7 on Mammoth Road (see enclosure). In December 2009, due to the developer's non-completion of work, Saint Mary's Bank issued a check to City of Manchester.

With the acceptance of the funds, we will have the curbing installed. We thank the committee for their time on this matter.

Sincerely,

David L. Winslow, PE

Re: 269 Kennard Road (S-12-2001) Sunmeadow Realty, LLC

Kevin:

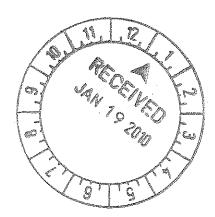

Enclosed is a check in the amount of \$3,000.00 made out to the City of Manchester that comes to us as result of letter of credit (LOC) that was issued as a performance guarantee for improvements never completed in relation to the above-referenced subdivision. The LOC stipulated that if not called by a date certain, that St. Mary's Bank would consider it 'called' and remit funds to the City for the originally designated use.

I attach copies of relevant documents. Should you have any questions or require additional documentation, please do not hesitate to call me at 624-6450.

Sincerely.

Beneficiary:

City of Manchester

Planning and Community Development

One City Hall Plaza Manchester, NH 03101

Re:

Lot 17-7 Kennard Road/Mammoth Road

Manchester, NH

Dear Mr. Harlacher:

By this document, St. Mary's Bank (hereinafter "Issuer"), hereby issues this Irrevocable Letter of Credit Number #1020 in the amount of \$3,000.00 to the City of Manchester on behalf of Sunmeadow Realty, LLC, 189 Ray Street, Manchester, NH 03104 (hereinafter "Developer"). This Irrevocable Letter of Credit is issued to guarantee completion of the curbing associated with improvements approved at Kennard Road and Mammoth Road as signed and approved by the Manchester Highway Department. This Irrevocable Letter of Credit is issued to the City of Manchester by St. Mary's Bank on June 9, 2003 and will expire on June 9, 2004.

It is agreed and understood by the Issuer of this Irrevocable Letter of Credit that it shall be issued for a period of 12 months. If all improvements for Kennard and Mammoth Roads relative to Lot 17-7, guaranteed by this Letter, are not completed to the satisfaction of the Manchester Planning Board by June 9, 2004, and if a letter indicating completion of all improvements is not issued and accepted by the Manchester Planning Board, then this Letter of Credit shall be automatically considered to have been called and without further action of the Manchester Planning Board for the City of Manchester, St. Mary's Bank shall forthwith forward a check in the amount of \$3,000.00 to the Treasurer of the City of Manchester. The funds so forwarded to the City Treasurer shall be used exclusively for the purpose of completing the improvements, which are guaranteed by this Letter of Credit. Any funds not needed by the City of Manchester to complete the improvements required for Kennard and Mammoth Roads relative to Lot 17-7 shall be returned to St. Mary's Bank. This Letter shall expire on June 9, 2004.

RE:

ARRA Recovery Zone Facility Bonds

I am pleased to inform you that the City of Manchester has received an \$8,966,000 in Recovery Zone Facility Bond Allocations under the American Recovery & Reinvestment Act (ARRA).

To facilitate the distribution of this bonding I have provided the following direction to Economic Development Director Jay Minkarah. See attached documentation for detail.

I respectfully request that the Board of Aldermen refer this item to the Committee on Community Improvement (CIP).

CITY OF MANCHESTER

Theodore L. Gatsas Mayor

April 16, 2010

Jay Minkarah, Director Manchester Economic Development Office One City Hall Plaza Manchester, NH 03101

RE: ARRA Recovery Zone Facility Bonds

Dear Director Minkarah:

As you are aware the City of Manchester has received \$8,966,000 in Recovery Zone Facility Bond allocations under the American Recovery & Reinvestment Act of 2009 (ARRA). These funds are intended to provide low-cost loans to support economic development projects that would create jobs in targeted Recovery Zone areas.

In order to utilize these bonds, Manchester must develop an application process, designate Recovery Zone areas within the City, and prepare a cooperation agreement to govern allocation of the bonds through an appropriate agency or authority. I would ask that the following documents be prepared prior to the Board of Mayor and Aldermen meeting on April 20, 2010 for referral to the Committee on Community Improvement (CIP):

- 1) an application form
- 2) recommendations for Recovery Zone areas;
- 2) a draft cooperation agreement and;
- 3) any other necessary materials for referral to Committee.

Thank you for your prompt attention to this matter.

Regards,

Theodore L. Gatsas

Mayor

TLG/swp

CITY OF MANCHESTER Economic Development Office

April 19, 2010

Theodore L. Gatsas, Mayor Office of the Mayor City of Manchester One City Hall Plaza Manchester, NH 03101

Re: Recovery Zone Facility Bonds

Dear Mayor Gatsas:

Attached is a draft application form for use by parties interested in reserving bond allocations under the American Recovery & Reinvestment Act Recovery Zone Facility Bond program as you requested. I would suggest that we also consider adopting a reasonable application fee to cover any associated administrative costs. In addition, I would recommend that the form be posted on the City's website once it is approved, along with links to related information and program requirements.

As you noted in your request, we must designate certain areas in the City as Recovery Zones within which development projects would be eligible to take advantage of the funding. In implementing this program elsewhere in New Hampshire, the state determined that all areas designated as Economic Revitalization Zones (ERZs) by the NH Department of Resources & Economic Development already meet the Recovery Zone requirements established under the Act. Manchester currently has 17 Census Tracts that have been designated as ERZs. These tracks include all of the Millyard, Downtown, Hackett Hill and much of the commercial and industrial areas along South Willow Street, Brown Ave. and other areas. Therefore, I would recommend that the existing ERZs be also designated as Recovery Zones. A Map of existing ERZs is attached.

Finally, because the City cannot issue Recovery Zone Facility Bonds for the benefit of private parties directly, it is our understanding that we would need to waive our allocation in favor of an appropriate third party that would have that ability. In order to ensure that the Bonds were used in a manner consistent with the City's goals, it would be necessary to enter into a cooperation agreement with that third party that memorialized the understanding of the parties. It is my understanding that the Manchester Housing & Redevelopment Authority (MHRA) would have the ability to utilize Recovery Zone Facility Bonds to finance economic development projects in the City. The MHRA has had a long history of serving as a partner in major

economic development projects and we have several examples of cooperation agreements that we have successfully utilized in the past. If we wish to pursue working with the MHRA or an alternative party to take advantage of the Recovery Zone Facility Bonds, I would be happy to draft an agreement for consideration. Please let me know if you need any additional information or materials.

Sincerely

Jay Minkarah, Director

Manchester Economic Development Department

Alderman O'Neil, Chairman City of Manchester Community Improvement Program One City Hall Plaza Manchester, NH 03101

RE: Fund Acceptance Stark Park Statue Restoration

Dear Alderman O'Neil:

I am pleased to inform you that the Friends of Stark Park has been awarded another grant in the amount of \$5,000 from the Ann De Nicola Trust (see attached letter) and they have also raised funds in the amount of \$14,000 through their tireless fundraising efforts. Over time the statue has also succumbed to vandalism and weather. They are graciously donating \$9,600 these funds to the city so that they may continue their efforts towards restoring the General John Stark Equestrian Statue. The vandalism portion of restoration has been determined eligible for insurance reimbursement in the amount of \$5,000. The \$4,400 surplus in their account will be reserved should any cost overruns occur during the restoration.

We are extremely grateful for the continued assistance that the Friends of Stark Park has provided to the Parks Division to restore this statue of one of the most prominent general's from the Revolutionary War. We are also grateful for their overall contribution to restoring this Victorian park and improving the overall quality of life for their community. We would like to request that the committee accept these funds so they can be added to the \$10,000 Moose Plate Grant that was awarded. This brings the project total to \$29,600 and enables the City to enter into a contract with a company that specializes in the preservation of such significant historic monuments (see attached draft contract) subject to approval of the City Solicitor.

Since the company we will be entering into a contract with specializes in this type of work and was recommended by the state agency administering the grant funds I respectfully request permission to suspend Section

Please do not hesitate to contact me should you have any further questions.

Best regards,

Chuck DePrima

Re: Ann De Nicola Trust

Dear Ms. Reno:

The Trustees of the Ann De Nicola Trust recently met to review your request for assistance and are pleased to enclose the following award:

Purpose:

Restoration of the bronze statue of General John Stark in Stark Park

Award Amount:

\$5,000

As acknowledgement of this award, please sign, date, and return the enclosed Receipt to us in the envelope provided.

We would be willing to participate in any publicity you may be arranging. In addition, feel free to acknowledge this gift from **Ann De Nicola Trust, RBS Citizens, N.A. Trustee** in your publications or newspapers.

We wish to point out that this grant is specifically for the purpose stated above; and we would therefore request that, within six months, you provide us with a status report on expenditure of these funds, and confirm the funds have been used for the stated purpose. Enclosed is an outline to complete and return by May 30, 2010.

Sincerely,

William N. Sirak Vice President

Condition Assessment and Recommendations for Treatment

Object: General Stark Memorial

Location: Stark Park

Artist/Date: Richard Recchia

Material: Cast Bronze, Granite Base Foundry: Roman Bronze Works Owner: City of Manchester NH

Overview:

The examination of this monument was done on 03.05.2009. There was snow on the ground and on the lower coarse of the base of the monument.

The monument consists of an equestrian figure of atop a granite base. The footprint of the granite measures approximately 20'x 10'. The granite is approximately 9' tall. The (bronze) sculpture is about 12' tall.

The granite base is inscribed on all sides.

Condition:

Bronze:

The exposed surfaces of the horse and rider are are covered with a thin layer of light green powdery corrosion with islands of dark sulfide corrosion. This pattern of corrosion is typical of the copper corrosion found on outdoor monuments in an urban environment.

The more protected surfaces of the horse (belly, inside of legs) and rider (under hat, inside of cape) are covered with more of the black copper sulfide corrosion with streaks of light green corrosion running through it. It is possible that there are some areas of original (brown) patination in some of the most protected areas.

There are areas of bright green efflorescence on the underside of the horse, indicating that water may possibly getting (and sitting) inside the cast. This is a common occurrence on equestrian monuments.

• conservators of antiquities • sculpture • decorative arts • monuments • architectural ornament •

205-3 Arlington Street, Watertown, MA 02472 617 926-7590 Fax 617 926-7591 daedalusart@verizon.net

There is graffiti etched on the (bronze) self base, primarily on the opposite from the artists signature and foundry mark. There is red paint on the underside of the horse toward its rear.

The sword is a replacement and was last replaced three years ago (per Kit Reno 03.05.2009).

Granite:

The granite appears to have been cleaned in the past, possibly with abrasives, leaving the surface with an uneven (slightly splotchy appearance). There is some copper (green) staining on the upper edges of the stone

There are green (paint?) stains on the lower part of the proper right side of the base that may be part of old graffiti that wasn't completely removed.

The mortar joints have been filled with a synthetic caulk has begun to deteriorate. This has allowed water to become trapped in the voids where the caulking is missing, resulting in freeze-thaw cycle that has spalled and cracked the stone around the edges of the joints.

Recommended Treatment:

Bronze:

The sculpture should be cleaned of loose and powdery corrosion by abrasive blasting with crushed walnut shells (60-100 mesh, Agrishell AD9B) at a pressure of not more than 65 psi. and /or the sculpture should be pressure washed using water at about 3500 psi.

The sculpture should be washed with a solution of neutral or slightly alkaline detergent in water and rinsed thoroughly with running water.

An inspection should be done to determine if there is water getting into the belly of the horse. If a source for the water infiltration is found (most likely it is around the intersection between the horse and rider) the areas should be filled with epoxy bulked with bronze powder or possibly bronze threaded rod attached mechanically. A weep hole should be drilled in the belly (1/4") that will allow the water to drain from inside the cast. The hole should be threaded and fit with a bronze bolt and plans should be made to drain yearly.

• conservators of antiquities • sculpture • decorative arts • monuments • architectural ornament •

205-3 Arlington Street, Watertown, MA 02472 617 926-7590 Fax 617 926-7591 daedalusart@verizon.net

The red paint should be removed with organic solvents on cotton pads.

The sculpture should be chemically re-patinated to approximate an original patination. The color should be determined by art historical and documentary research and a sample should first be approved by a designated curator. The color was most likely originally patinated dark brown, however, consulting early photographs or newspaper articles from the time of installation will be helpful in determining an accurate coloration.

The sculpture should then be coated with at least three coats of Incralac, an acrylic resin lacquer containing benzotriazole as a corrosion inhibitor. The first coat should be brushed on a warmed surface and subsequent coats should be applied by spraying.

The sculpture should then be waxed with Butcher's Bowling Alley Wax or a similar microcrystalline based substitute. The wax is a sacrificial layer to protect the lacquer and should be renewed annually.

Granite:

The granite base should be washed with a solution of Volpex detergent in water and rinsed with water using a pressure washer at about 1200 psi.

Additional cleaning if necessary should be carried out with a chemical cleaner especially formulated for cleaning granite such as Safe and Easy Heavy Duty Restoration Cleaner (Ph 5.5, Dumond Chemical Co., New York, NY). The cleaner should be used at the lowest effective dilution, and rinsed according to manufactures recommendations.

Copper stains should be removed to the degree that this can be accomplished without damaging the stone. Stain removal may require the application of clay poultices containing ammonium chloride.

The green staining should be tested for solubility and removed with a paint removal system that is appropriate for use on granite.

The caulk in the mortar joints should be removed and the granite should be re-pointed with an appropriate mortar mix.

• conservators of antiquities • sculpture • decorative arts • monuments • architectural ornament •

205-3 Arlington Street, Watertown, MA 02472 617 926-7590 Fax 617 926-7591 daedalusart@verizon.net

Documentation:

A final treatment report, detailing treatments and archival research along with maintenance guidelines will be provided to the owner. The report will include before, mid and after treatment (digital) pictures of the memorial.

We will provide training to the owners of how to properly maintain the monument once the treatment is complete.

The conservators of Daedalus, Inc. are pledged to perform all work in accordance with The Code of Ethics and Standards of Practice of The American Institute for Conservation of Artistic and Historic Works.

CO-PRESIDENTS

Alderman Dan O'Neill City of Manchester

Pat Howard

Community Improvement Program

One City Hall

Manchester, NH 03101

Kit Reno

Dear Alderman O'Neill,

VICE-PRESIDENT
Richard Duckoff

On behalf of the board of the Friends of Stark Park, we would like to take this opportunity to bring to you and the CIP members up to date on the work we are anticipating in Stark Park this summer.

FRIENDS OF STARK PARK

CITY GLERK'S OFFICE

SECRETARY

Kristin Wenger

Our next project, which we hope to do in July, is the restoration of the bronze equestrian statue of John Stark, the focal point of the park. Corrosion, leakage, graffiti and degradation of the granite base have taken their toll and these must be addressed.

TREASURER

Robert Chase

Joan Camann

Oral Foster

Andrea Hecker

Suzi Parker

Robert Steiner

The Committee and Board recently voted to accept the \$10,000 Moose Plate Grant funds. These funds became the first step to move forward on the cleaning of the statue and we began a dialogue with the NH Division of Historic Resources. They clearly expressed in earlier conversations the importance (as stipulated in the Moose plate Grant) that any work performed in the park including the statue restoration must be performed by an organization with the certification of *Conservator of Fine Art and Restoration*.

Locating a Conservator was not an easy task. The NHDHR was unable to recommend a qualified contractor within the state so we contacted Martha Lyon who authored the Master Plan on 2005. Since Martha specializes in historic landscape preservation she was able to provide us with the names of contractors capable of this type of highly specialized and unique service. Upon review of qualifications/ references and consulting with City staff at the Parks Division we agreed that Daedalus Fine Arts Conservators in Watertown, MA was the most qualified.

We will hold the surplus funds mentioned in the letter from the Parks Division should any unforeseen cost overruns occur during the restoration. Should these additional funds not be utilized for the statue restoration, these funds will be directed towards our next project identified in the master plan; the restoration of the Stark Family gravesite.

P.O. Box 1485 Manchester, NH 03105 We hope this information proves useful to the committee members and if you have any questions or concerns, do not hesitate to contact me

Sincerely,

Pat Howard

Co-Presidents, Friends of Stark Park

Kit Reno

Subject:

Affordable Housing Trust Fund- CIP 610410 Housing Initiatives

As the Committee members may know, the City maintains a housing trust fund to further the availability of housing affordable to our lower income residents. The trust fund is capitalized with funds from the repayment of loans provided through the various housing programs administered by this office and the funds are allocated upon need. Due to the source of the repayments coming from CDBG& HOME funded housing projects no other uses of these funds are allowed.

Presently, there is a considerable amount of interest in our Housing Rehabilitation Program operated through our Housing Initiatives Program and additional funds are required to address this demand. As such, we are respectfully requesting that the Committee consider an infusion of \$150,000 of Affordable Housing Trust Funds into our 2010 Housing Initiatives Program. Should the Committee concur with this request I will prepare the necessary amending resolution and revised budget authorization for review by the full Board at the May 18th meeting.

Police Department – CIP #410910 – NH DWI Patrol Program

The Police Department has notified us that they have been approved to receive additional grant funds totaling \$2,250 from the State of New Hampshire Highway Safety Agency. These funds will be used to allow the Manchester Police Department to continue the operation of sobriety checkpoints in cooperation with the NH State Police.

In order to accept the increased funding we have prepared for the Committee's review, the appropriate budget authorization form necessary for project initiation.

Your review of this document and a recommendation for approval to the full Board is respectfully requested.

CITY OF MANCHESTER

Theodore L. Gatsas Mayor

TO:

Board of Aldermen

FROM:

Theodore L. Gatsas

Mayor

Date:

April 20, 2010

RE:

EPA Brownfield Assessment Grant

I am pleased to inform you that the City of Manchester was awarded a \$400,000 Brownfield's Assessment Grant from the EPA with no local match required.

The grant will allow the City of Manchester to assist property owners in covering the costs of environmental assessments of potentially contaminated properties that have been proposed for redevelopment.

I respectfully request that the Board of Aldermen refer this item to the Committee on Community Improvement (CIP).

See attached documentation for further detail.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

APR 1 8 2010

OFFICE OF SOLID WASTE AND EMERGENCY RESPONSE

Honorable Ted Gatsas Mayor of Manchester One City Hall Plaza Manchester, NH 03101

Dear Mayor Gatsas:

On behalf of the United States Environmental Protection Agency (EPA), I am pleased to congratulate you and confirm that the City of Manchester was selected as one of the entities EPA will begin negotiations with to award a cooperative agreement for an assessment grant. The City of Manchester submitted an outstanding grant proposal, and we deeply appreciate the tremendous commitment of time and energy that went into its preparation.

Through the Small Business Liability Relief and Brownfields Revitalization Act of 2002, EPA is working to help states and communities around the country clean up and revitalize brownfield sites. We fully expect that these brownfield projects will provide benefits to the environment and economy of local communities. Diane Kelley, your Regional Brownfields Coordinator (617-918-1424), will work closely with the City of Manchester to negotiate the cooperative agreement prior to the grant award.

We look forward to working with your staff on the Brownfields program in continued Federal, state, and local government cooperation.

Sincerely

David R. Lloyd, Director

Office of Brownfields and Land Revitalization

cc: Diane Kelley

A RESOLUTION

"Amending the FY 2010 Community Improvement Program, authorizing and appropriating funds in the amount of Four Hundred Thousand Dollars (\$400,000) for the FY 2010 CIP 612510 EPA Brownfield Assessment Grant Project."

Resolved by the Board of Mayor and Aldermen of the City of Manchester as follows:

WHEREAS, the Board of Mayor and Aldermen has approved the 2010 CIP as contained in the 2010 CIP budget; and

WHEREAS, Table 1 contains all sources of State, Federal and Other funds to be used in the execution of projects; and

WHEREAS, the Board of Mayor and Aldermen desires to accept a \$400,000 grant from the United States Environmental Protection Agency (EPA) to assist property owners in covering the costs of environmental assessments of potentially contaminated properties proposed for redevelopment;

NOW, THEREFORE, be it resolved that the 2010 CIP be amended as follows:

By adding:

FY 2010 CIP 612510 EPA Brownfield Assessment Grant - \$400,000 Federal

Resolved, that this Resolution shall take effect upon its passage.

Police Department - CIP #412910 - VAWA (Recovery Act Funding)

The Police Department has notified us that they have been approved to receive grant funds totaling \$96,826 from the State of New Hampshire Department of Justice. These funds will be used for the implementation of domestic violence programming in Manchester.

As such, we have prepared the appropriate CIP Amending Resolution and Budget Authorization Form necessary for program initiation.

Your review of these documents and a recommendation for approval to the full Board is respectfully requested.

Subject: Assistance to Firefighters Grant Program

Dear Grantee,

Congratulations on receiving an FY2009 Assistance to Firefighters Grant (AFG) award! Bob Waters and Dave Parr are your Region I fire program specialists with the Federal Emergency Management Agency (FEMA). We will be your regional contacts for this grant. We want to work with you to ensure that your organization completes a successful grant within the 12 month period of performance. We have been directed to provide you with this document to make your experience managing this grant as successful as possible. The following information will assist you with proper administration. Please read this email in its entirety and share this information with any person who will be assisting you in managing this grant throughout the grant's life cycle.

By now you have received the AFG Award Package online. It is accessible on line (via the drop-down menu for your 2009 AFG grant). Please read the award package in its entirety. It provides the baseline requirements of the grant. Further explanation is provided in the FY2009 AFG Program Guidance under pages ii-iii and 57-64. You should read the entire Program Guidance, but these specific pages offer a good introduction of what is expected of you. The guidance can be found on our website at www.firegrantsupport.com. In addition you will find Frequently Asked Questions and a Grant Management Tutorial that will offer additional information for proper grant management. The Grants Management Tutorial can be found at

http://firegrantsupport.com/content/html/program/GrantsTutorial.aspx. Finally, formal communications about the grant will be sent to your online mail center. Be sure to check this at least once a week for any updates.

Please read the following topics -- each of them are important in your understanding of your responsibilities for managing the grant:

Scope of work – the scope of work is defined by the information and data found in the Request Details section of the application and is further described and explained in the Narrative and Article 13 of the Award Package. If you are unable to purchase the exact number of units awarded for each line-item, you are not to use any of the funds allocated for the units awarded unless you receive authorization to do so. This authorization is obtained via the submission of an Amendment Request. Amendments may be submitted using the Manage Grant function within the drop-down menu for your grant.

Procurement actions – are to be conducted in a manner that provides, to the maximum extent possible, full and open competition. All bids must be made post-award, i.e., during the period of performance. You will use your own procurement procedures, provided the procurements conform to applicable Federal law and the standards identified in FEMA's regulations. You should review these regulations by going to the following link <a href="http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&sid=ceeb820f596c5a7e67f0ca4f3f172bb0&rgn=div8&view=text&node=44:1.0.1.1.14.3.13.14&i If you have no established procedures, you should follow the allowable procedures outlined in FEMA's

A RESOLUTION

"Amending the FY 2010 Community Improvement Program, authorizing, transferring and appropriating funds in the amount of Five Hundred Thirteen Thousand Four Hundred Thirty Six Dollars (\$513,436) for the FY 2010 CIP 412010 SCBA Replacement Project."

Resolved by the Board of Mayor and Aldermen of the City of Manchester as follows:

WHEREAS, the Board of Mayor and Aldermen has approved the 2010 CIP as contained in the 2010 CIP budget; and

WHEREAS, Table I contains all sources of State, Federal and Other funds to be used in the execution of projects; and

WHEREAS, the Board of Mayor and Aldermen wishes to accept grant funds in the amount of \$504,972 for the replacement of the self contained breathing apparatus and face mask retrofit;

NOW, THEREFORE, be it resolved that the 2010 CIP be amended as follows:

By revising:

FY 2010 CIP 412010 – SCBA Replacement Project - \$513,436 Federal & Local Funds From \$749,090 Cash to \$513,436 Federal (\$471,120 Federal, \$33,852 Federal & \$8,484 Local Match – Fire Department Operating Budget)

Resolved, that this Resolution shall take effect upon its passage.

Health Department - CIP #210511 - Public Health Preparedness

The Health Department has notified us that the City has received funding total \$479,000 from the State of New Hampshire Department of Health & Human Services Division of Public Health Services for the implementation of Public Health Preparedness Program.

While funds are effective July 1, 2010, it is necessary to have this program approved in May in order for it to be reviewed by the New Hampshire Governor's Council.

As such, the Health Department has requested that is project go before the full Board of Mayor and Alderman and members of the Committee on Community Improvement Program.

Re: MER

Dear Committee Members:

I am writing to update you on the current FY 10 MER bond and cash accounts. There exists a balance of approximately \$24,000 in the bond monies and a projected balance of approximately \$11,400 in the MER general fund budget account.

I am hereby requesting that the Department be authorized to utilize these balances to purchase vehicles for Departments not currently recognized in the MER Bond program.

Mr. Clougherty, or myself, will be available for questions regarding this matter. Thank you.

Sincerely,

Kevin A. Sheppard, P.E. Director of Public Works

Re: Summary of CIP Bond Balances

Dear Honorable Committee Members:

As requested, attached is a summary of open CIP bond balances as of February 10, 2009. The first two pages summarize the unencumbered bond balance for each project and the Department's assessment of amounts available for reallocation. The remaining schedules comprise the input received from Department Heads.

Also attached as the last schedule is a summary of amounts due and received for federal (FEMA) and state portions for rain events in 2006 and 2007. Not included in the attached material is the fiscal 2010 \$6 million unissued bond for vehicle replacement.

Respectfully Submitted,

William E. Sanders Finance Officer

Planning Board
Heritage Commission
Millyard Design Review Committee

### Planning & Community Development CIP Bond Balances

CIP Project #830101 – City Space Improvements – This money is left over from one of the accounts for the renovation of City Hall. The remaining balance of \$1,543.32 from the original \$350,000.00 is surplus, as the project has been completed.

CIP Project #811502 – Municipal Facility Building Acquisition – This money is left over from the renovation of the Rines Center. The remaining balance of \$285.31 from the original \$2,750,000.00 is surplus, as the project has been completed.

CIP Project #811103 – Senior Center – This money is left over from the account for the site acquisition and construction of the new Senior Center. The remaining balance of \$883.91 from the original \$2,400,000 bond money is surplus, as the project has been completed.

(Note: In April, 2004, the administrative responsibility for this project was transferred from Planning to Highway-Building Maintenance)

CIP Project #612503 – Visitor's Signage Package – This money was set aside for the acquisition and installation of wayfinding signs throughout the downtown and at other significant intersections throughout the City. Of the original \$84,028.49, \$77,573.39 remains. This project was under the purview of the former Planning Director and is on hold pending staff capacity to complete.

CIP Project #612407 – Neighborhood Revitalization – This money was set aside to support infrastructure improvements, with the major focus on the City's targeted neighborhoods. Of the original \$200,000 bond money, a balance of \$89,059.20 remains and is required to continue the Kelly Street reconstruction. This project is ongoing with the Highway Department and should be wrapped up in late spring.

CIP Project #612309 – Neighborhood Revitalization – This money was set aside as a continuation of the infrastructure and other neighborhood improvements in targeted areas across the City. Of the original \$200,000 bond money, and based upon information from the Highway Department, \$100,000 is necessary for the completion of the Kelly Street reconstruction that the Highway Department will be completing in late spring. The plan was to use the remaining balance of \$100,000 to target infrastructure improvements on other nearby targeted streets.

PLANNING AND COMMUNITY DEVELOPMENT

Leon L. LaFreniere, AICP Director

Planning & Land Use Management Building Regulations Community Improvement Program Staff to:
Planning Board
Zoning Board of Adjustment
Heritage Commission
Millyard Design Review Committee

**MEMORANDUM** 

To:

Michael Garrity, Chair

CIP Aldermanic Committee

From:

Leon L. LaFreniere, AICP

Director of Planning & Community Development

Date:

March 19, 2009

Subject:

CIP 650300 Hackett Hill

As directed, Staff from Planning, Finance and City Solicitor's Office met in an effort to identify the source of funds used for the Hackett Hill Development Project referenced above. It was determined that the funds were derived from the proceeds of the sale of land owned by the City on Hackett Hill which was the site of the planned UNH Campus that never materialized. As such, any unencumbered funds in this account may be used for whatever purposes the BMA deems to be in the best interest of the City. Jay Minkarah informs us that he has commitments of \$167,592.65 to be paid out leaving an unencumbered balance of \$250,671.69.

11 _11

#### To the Board of Mayor and Aldermen of the City of Manchester:

The Committee on Joint School Buildings respectfully recommends, after due and careful consideration, that the request for project funds to be transferred from the Parker Varney project to the Highland Goffs Falls project, be referred to the Committee on Community Improvement.

(Unanimous vote)

Respectfully submitted,

Clerk of Committee

At a meeting of the Board of Mayor and Aldermen held February 3, 2009 on a motion of Alderman Lopez, duly seconded by Alderman Shea, it was voted to refer to the Committee on Community Improvement.

Acting City Clerk

#### CORZILIUS MATUSZEWSKI KRAUSE ARCHITECTS, P.A.

Manchester Schools Open Concept Classroom Conversion Highland Goffe's Falls Elementary School Joint School Building Committee, January 22, 2009

Highland Goffe's Falls is the third of five schools scheduled for conversion of Open Concept to traditional, enclosed classroom schools. Parker Varney, a design-duplicate to Highland Goffe's Falls was converted in the summer of 2006, The Green Acres Library was enclosed in the summer of 2007. Highland Goffe's Falls is scheduled for construction in the summer of 2009. Webster School and Beech Street Schools remain to be scheduled.

<u>Project Scope:</u> As with Parker Varney, the scope of work at Highland Goffe's Falls includes the erection of walls to convert the open concept classrooms to standard classroom with new doors and hardware. Other updates include white marker boards and tack boards in the classrooms, along with coat hooks and cubbies in the classrooms. New stair towers will be constructed at each end of the building, fire suppression systems, or sprinklers, will be installed. Other upgrades to the school include new mechanical ventilation systems, and energy-efficient, bright lighting. Several pricing alternates will be considered, including:

- 1. Operable Panel Partitions, allowing two classrooms to be opened into one.
- 2. Removal of existing rubber roof, and replacing it with a new PVC roof.
- 3. Re-finishing of the first floor corridor glazed block with a liquid applied, hard finish
- 4. Refinish the Parent Center rooms.
- 5. Addition of Controls for corridor lighting, operated by a programmable lighting control system with off-site monitoring and control.

<u>Schedule:</u> The design is underway at this time. Contractor prequalification packages have been received and have been reviewed. Nine General Contractors have been identified as qualified to bid on this project. General Contractor bidding of this project will take place in the winter of 2009, commencing January 26 through February 17. With successful receipt of bids, and prompt contract award, construction is scheduled to start in the spring of 2009.

Financial: \$2,775,742 is budgeted overall.

Report to the Joint School Building Committee City of Manchester, Manchester School District January 22, 2009

Manchester School of Technology Additions and Renovations 530 South Porter Street Manchester, NH 03103

Karen White, Principal

- 1. Receipt of Bids, Award of Contract:
  - a. On Thursday, May 15, Bid Proposals were received and the contract for construction awarded to Eckman Construction. Work began immediately, and continues on to date. Eckman Construction will remain on site, continuously until the entire project is completed, mid-August, 2009.
- 2. Project Scope and Schedule:
  - a. Project scope remains as outlined in the presentation to the Building & Sites Committee and the City of Manchester 1 ½ years ago.
  - b. Phase 1, work to commenced immediately, and was completed by August, 2008. Work includes:
    - i. Site work, including relocation of utilities, storm drainage, etc. to allow the expanded Auto Tech has been constructed. The parking lots have been almost doubled in size from 172 spaces to 324 spaces. Driveways have been re-constructed. A portion of the east parking lot is currently being used by Eckman as a staging area.
    - ii. Wing A- The existing PASS classrooms have been converted to Graphics. The existing Print Shop in Wing B has been converted to PASS classrooms.
    - iii. Wing A- Renovation to the Landscape/Horticulture area has taken place.
  - c. Phase 2, work commenced immediately upon awards, and is Substantially Complete. The Auto Tech and Collision programs, and the Administration have moved to their new facilities before the Holiday break. This work includes:
    - i. Wing E- Auto Tech and Collision Expansion...new construction.
    - ii. Wing D-1 New Administrative Offices...new construction.
  - d. Over the holiday break, some areas of B Wing have been re-carpeted, and re-painted.

- e. Beginning in January, and continuing through February, renovations will continue on the existing Auto Tech lab, readying it for occupancy for early spring.
- f. Phase 3, commencing in January 2009, completed in May 2009:
  - i. Wing E- Convert existing Shop areas to Cosmetology. Underway is the demolition of the old Machine Shop, and Sheet Metal and Welding Shops, to convert them to Cosmetology classrooms and salon. This work is expected to reach completion in the spring. Presently, a Cosmetology classroom has relocated to the Administration wing.
- g. Phase 4 and 5, commencing in June 2009, completed August 2009:
  - i. Wing B- Convert existing Administration to Marketing.
  - ii. Wing D- Convert existing Marketing to Intro. to Culinary Arts
  - iii. Wing A- Expand Design Communications
  - iv. Wing C- New Vestibule at Early Childhood; Convert PASS offices and Cosmetology to Public Safety and Health Science
  - v. Wing F- Convert Plumbing, Carpentry to new Lecture Quad and Plumbing Labs.
  - vi. Site work- Complete site work with final paving and work at existing modular classrooms.
- h. 18,750 sq. ft. has been added to the existing 107,558 sq. ft., resulting in a new facility of 126,308 sq. ft. The entire building will be renovated-some areas will receive nominal renovations, Fire Alarm, painting, etc.; some areas, as noted above will receive substantial renovations.
- Equipment- A limited scope of equipment was included in the Contractor's Bid Documents. Karen White has assembled equipment lists, and bidding and contracts have been awarded for equipment to Video Production, Horticulture/Landscaping, Graphics. The equipment lists and bidding continues, and is scheduled for completion within the next few months.

#### 3. Financial:

a. The project is approximately 68% complete through its contract value.

## CITY OF MANCHESTER PLANNING AND COMMUNITY DEVELOPMENT

Leon L. LaFreniere, AICP Director

Planning & Land Use Management Building Regulations Community Improvement Program Staff to:
Planning Board
Zoning Board of Adjustment
Heritage Commission
Millyard Design Review Committee

April 10, 2009

Alderman Michael Garrity, Chair Committee on Community Improvement City of Manchester One City Hall Plaza Manchester, NH 03101

Re: CIP Cash & Bond Balances

Dear Chairman Garrity:

We have reviewed the open bond balances and cash balances of CIP projects, provided to us today by the Finance Department, and concur with the numbers that are shown.

Additionally, in reviewing the CIP tabled items on the most recent Finance Committee Meeting Agenda (4/7/09), we observed that CIP Project #510807 (a cash project) is not shown. While this project was on our original list of requested extensions, it appears to have been omitted when the list was transcribed to the Board's agenda. We are enclosing a copy of the extension list with updated balances. This particular project was one of three CIP cash projects that were *not* on the list of cash projects to be transferred to the contingency fund.

Should the Committee have additional questions, CIP staff will be available at the next CIP meeting.

Respectfully submitted,

Pamela H. Goucher

Deputy Director, Planning & Zoning
